

Stufa a pellet dal design contemporaneo,
per la produzione di acqua da riscaldamento
con sistema di ventilazione regolabile.
Predisposizione kit per acqua calda sanitaria.

Pellet stove with a contemporary design,
for the production of water by heating
with adjustable ventilation system.
Preparation kit for domestic hot water.

- Monoblocco in acciaio
- Maniglia in acciaio verniciato
- Deflettore d'aria
- Cassetto cenere estraibile
- Centralina di programmazione
- Pulizia ciclica del braciere
- Braciere in acciaio
- Rivestimento in acciaio verniciato
- Piano superiore in acciaio verniciato
- Scarico fumi di serie
- Telecomando
- Acqua calda sanitaria (optional)

- Monobloc stainless steel
- Painted steel handle
- Air deflector
- Removable ash drawer
- Control programming
- Cleaning cyclic brazier
- Stainless brazier
- Coating painted steel
- Top in painted steel
- Exhaust fumes series
- Remote control
- Hot water (optional)
